

Ref. No. PCS/ADM/CIR/2019-20/25

02 March 2020

Dear Parents and students,

Delhi is going through a difficult time where unwanted social and political elements seem to be trying to disturb the social fabric of peace and harmony. At this time, as true Indians let us rise above our religious and political identities and work for a society where humanity comes before any religion and values of compassion, love, forgiveness and peace reside in the heart of each one of us. P.C.S always stresses on the need for a peaceful co-existence of Hindus, Muslims, Christians, Buddhists, Jains, Sikhs, Parsi and others. Let's work for the development and progress of our Mother Land together as one Nation. P.C.S. extends greetings of peace and love to all its family members (parents, staff, students and all its stakeholders). May peace and harmony prevail all over the world.

We are almost at the end of another incredible and memorable year at PCS. Academically 2019-20 has been a stellar year. The board exams for class X and XII are in progress. We obviously await the results of the final examinations with high expectation. We are confident that the hard work of students, teachers and the parents will bring laurels to school.

The school creates a friendly environment so as to maintain a dynamic equilibrium between the quality of life and the quality of environment. I do not intend to repeat the many facets of life at PCS. Suffice to say that it is always busy and our staff and children are always inspiring. We have seen this time and again through the various activities and events conducted in the school. P C S has given due importance to scholastic and co-scholastic activities whereby the holistic development of every student is achieved.

The outreach programme is an integral part of the school curriculum which creates awareness on social issues and sensitizes the students. It also provides a platform to reach out more to the marginally challenged. Our students from classes IV to XII had an enriching experience while visiting old age homes, orphanages, visiting the slum and villages, interacting with the aids patients....etc. . Thank you so much for your generosity in supporting the events – there is no doubt that it has made a difference to the people with whom we were connected, giving an exposure to our own children.

The education pattern is ever-changing globally and to keep pace, the staff works incessantly for the growth of students. Through the collaboration of parents, staff and students on regular PTMs, class wise interaction, e-care and website information/updates we work to achieve the desired objectives of learning.

**Fees:** There will be a nominal increase in the tuition fee in the new academic session 2020-21

**Parent card:** In line with the safety requirements, we have installed large number of CCTVs and introduced the system for parent ID cards. These will be used to register with security for entry to school. More importantly, to make our children even safer in school, we will be changing the cards annually. This will mean that we have to ask you each year for the details you would like to have in the ID card. Hope you will co-operate with us to ensure the safety of all our children and staff. **It is mandatory to bring the parent I D whenever you visit school for your entry without any problem.**

My heartfelt thanks to you dear parents/guardians for the way you continue to support the Management, our teachers and our students.. I look forward to working with all of you with renewed enthusiasm and commitment. I wish each of you a joyful year ahead with lot of fun filled activities leading to an enriched and joyful learning and peaceful living. May God Almighty continue to lead us and guide us to bright and happier days in the future. For all who will be with us in the academic session 2020-2021, I wish them all the very best and blessings in abundance.
