

Dear Parents

Greetings!

Hope and pray that this SMS finds you and your family in good health of body and mind.

Faced with a difficult situation, it is amazing to see the people of our country co-operating with the government and conscientiously rendering their services by working from home or from the forefront in the hospitals and other extremely important places. This collective and responsible behaviour will, to an extent, keep the dynamics of our nation moving forward. We are indeed indebted to all in the health services and other essential services.

Undeterred by the Corona virus, our enthusiastic teachers of PCS are striving hard to send work from home/ hold on line classes for class X and XII.

With meticulous planning and sound preparation, teachers are ensuring that students keep abreast with their studies. I look forward to your active involvement and sterling support to make these classes successful.

Once again thank you for your unstinted support in all our endeavours.

With blessings in abundance!

Sr Jyoti
