

MUM:THE BLESSED VERSION OF MARY

A mum,
Like a gum
Who sticks every relation

And brings ration
Which is her passion.

Mum is the greatest gift of Almighty
Who is always righty.
She is a realio trulio lady
Who is never fady .
She is always ready

For her family including dady

A mum always twinkle
Like the stars in the sky
With not a single wrinkle.
She never let the house darken
As if the sun is not awaken.

She makes us shine so bright
As the stars,
Shinning at a great height.
Without a fright,
She takes off her our flight.

At a great speed like a pilot
In the house who is always aroused. □
Really she is the true

Backbone of the house
