
MATHEMATICS

Mathematics is full of fun

With so much to learn

Profits are added

While losses are subtracted

Degrees are multiplied

And percentage is divided

Geometry is full of mystery

Algebra has a big history

Integers as different as brothers

Lines are parallel

Angles are similar

Maths is necessary in life

Without it, it is difficult to survive.

MY DEAR MOM

To one who bears
The sweetest name ,
And adds lustre
To the same ,
Long life to her ,
For there's no other .
Who takes the place
of my dear mother ..
