

POEM

If I were a mobile phone

If I were a mobile phone ,
I would be within my parents' zone ,
They would stay with me for long ,
And I would have them all along .

If I were a mobile phone,
They would be in my tone,
And share their feelings with me alone,
And I would share my feelings with them alone.

If I were a mobile sim,
I would be their secret bin,
All barriers with them would be thin
And I would be free from every sin.

If I were a mobile screen,
They would tap me,
And stare at me with gleam .
This would fulfill all my dream.
