Dear Parents/Guardians

Greetings!

*“Education breeds confidence. Confidence breeds hope. Hope breeds peace.” — Confucius*

In today’s complex times, the role of schools in inculcating values and principles in a child cannot be ignored. The new academic session began for PCS with mixed feelings of excitement, joy, and confusion among the students, parents, and teachers. With everyone being apprehensive about kids going back to school, some children came with anxiety and fear of the ‘new’, preventing them from returning smoothly to what was normal. We want to assure you that we are working hard to make learning as positive and smooth as possible. Getting children to open up is a challenge by itself with all of the changes the pandemic brought on.

The first day back in the classroom was unusual and emotional for both students and teachers. The students and everyone in the school were excited; even the school building resonated with joy and enthusiasm. Though the month was hectic and busy, wherein the students were trying to accept the change, they took no time to embrace and welcome the changed system of interaction. With God’s grace, we were able to complete all the activities planned for different classes according to the new academic calendar. After two years, the student council was elected and the Investiture Ceremony was organised. An interactive session for the parents of KG and Class I was conducted. The school also hosted the Inter- School Nano Nagle Debate Competition 2022-23 and celebrated the Founder’s Day. The students enthusiastically participated in the Labour’s Day Assembly and paid tribute to the supportive staff for their hard work in keeping the school and its premises clean and green. With our school being the centre for the CBSE Board Examination, we were able to start the examination with all the safety measures and guidelines issued by the government in its proper place.

For the month of May, we would like to keep you updated about the upcoming activities.

- Since the school is a centre for CBSE Board Examination, some of the classes in primary may have to be shifted to online mode on certain days. Kindly make sure that you regularly check the Campus Care, (Parent Portal) pertaining to the information and the schedule of the classes. We also request you to keep our students of classes X and XII, appearing for the board examination in your prayers so that they come out with flying colours.
